EXPERIENCE

Ineuron.ai   **July 2023 – Feb 2024**
FullStack developer Intern (Apprenticeship)   *Bengaluru*

- Developed and maintained responsive UI using React.js, enhancing site performance and user experience.
- Collaborated with cross-functional teams to implement UI/UX designs, ensuring a seamless alignment between design and functionality.Optimized components with reusable code practices, reducing development time by 15%
- Integrated RESTful APIs to display dynamic data, enabling real-time updates and improving app reliability.
- Utilized Git for version control and collaborated on code reviews, maintaining high-quality standards and reducing bugs by 25%.
- Enhanced site styling and interactivity with CSS and JavaScript, resulting in a 30% increase in user engagement.

PROJECTS

HungryHive - Food delivery | *[Live]* [GitHub]   **October – November 2023**

- Coded and engineered a ReactJS based app integrating Swiggy's real-time API, improving data retrieval speed by 20%.
- Implemented Redux Toolkit for state management, enhancing data consistency across the application by 30%.
- Conceptualized and crafted an intuitive UI using Tailwind CSS, driving a 26% increase in user engagement.
- Installed Parcel bundler, reducing load times by 15%, and debugged performance to ensure optimal functionality.
- Deployed improved navigation using React Router and a Shimmer UI, leading to a 20% reduction in user drop-off rates.

ApnaKart e-commerce | *[Live]* [GitHub]   **April – June 2023**

- Coded a responsive frontend using React.js, increasing page load efficiency by 35% through reusable components.
- Customized the user interface with TailwindCSS, boosting user retention by 40% through intuitive design and faster performance.
- Engineered a robust backend using Express.js and Node.js, improving data processing speed by 25% via MongoDB integration.
- Implemented comprehensive features, including User Authentication, cart/wishlist management, and seamless payment integration, resulting in a 30% increase in transaction completion rates.

EDUCATION

Master's of Computer Application(MCA)   **August 2021 – July 2023**
Chandigarh University, Punjab   *CGPA: 7.69/10*
Bachelor's of Computer Application(BCA)   **August 2018 – July 2021**
Abs Academy of science technology and management, West Bengal   *CGPA: 8.87/10*

Technical Skills

Languages/Database: JavaScript, MongoDB

Web Technologies: React.JS, HTML5, CSS3, TailwindCSS, Redux, NPM, API, parcel, webpack, NodeJS, ExpressJs,

Software & Tools: VS Code, Version Control (Git), GitHub CodeSpace, Chrome Dev tool, Figma

Soft Skills: Decision-making, Team Leadership, Effective communication

Achievements

Ranked 2nd among BCA graduates   **August 2018 - July 2021**

Team Leader in a Photography Startup   **December 2020 - February 2022**

- Directed a team of 5 in executing over 15 successful client photography projects, managing both creative direction and logistics, resulting in a 30% growth in client satisfaction.
- Implemented efficient project workflows and communication strategies, reducing project turnaround time by 10% while maintaining high-quality standards.
